Helping Young Adults
with Cancer

Dear Sir / Madam:

My future, my plans, my challenges.

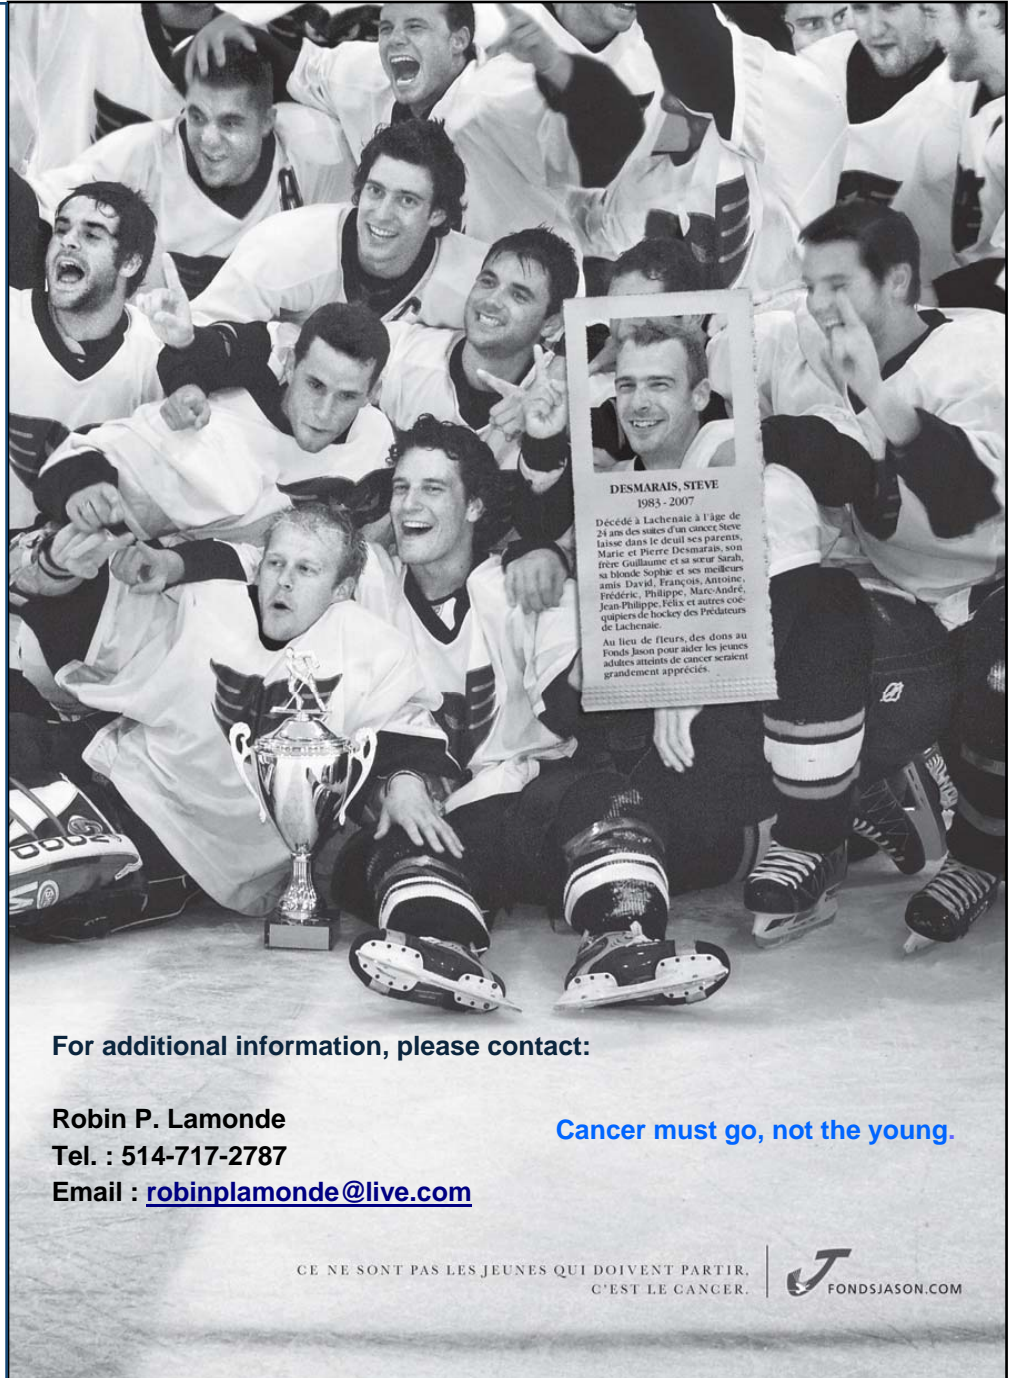

These are the words that define our life when we are young. But an unexpected cancer diagnosis changes everything - our future is redefined, our plans are put on hold and we must face new challenges: undergoing treatments and holding on to life. In recognition of the specific difficulties experienced by young adults with cancer, the Jason Fund is there to lend a hand.

It is thanks to events such as its annual golf tournament that the Jason Fund is able to help many young adults with cancer. The Fund is there as a resource for patients through their trying times. Young adults and their families can look to the Fund for tools, resources, encouragement, financial and moral support at all times during their ordeal. The Fund, however, cannot meet its objectives without your generous contributions. We therefore hope to be able to count on your sponsorship to ensure our tenth annual golf tournament, which will be held at the Windmill Heights Golf Club on August 13th, is a resounding success.

I wish to express a heartfelt thanks on behalf of all our young patients.
